

August 14, 2026

Today, I have the privilege of sharing some exciting news.

Since opening our doors in 2020, CODA® Logistics & Distribution has been fortunate to experience incredible growth. That success has only been possible because of the trust, loyalty, and partnerships we have built with our customers, business partners, and friends along the way.

With deep appreciation for how far we have come and great anticipation for where we are going, I am proud to share the next milestone in the CODA® journey —

CODA® Logistics & Distribution is bringing our proven CFS model to Los Angeles with the opening of our newest bonded Container Freight Station.

This new location represents far more than an expansion. It is a commitment to providing our customers with the same responsive service, operational excellence, and personalized support that have become the foundation of our company. Our Los Angeles facility will mirror the capabilities of our headquarters in New Jersey while complementing our operations in Chicago and Norfolk, creating an even stronger nationwide network.

Over the years, we have been proud to support our customers with:

- Bonded Container Freight Station (CFS) operations including a nationwide and Canadian IPI network
- Export consolidations container services
- FCL transload and cross-dock solutions
- Distribution and value-added logistics services

Every milestone we reach is shared with those who believed in us from the beginning. Many of our customers have become much more than business partners, they have become trusted friends. Your confidence in our team has allowed us to continue investing, growing, and creating new opportunities to serve you even better.

As we prepare to open our Los Angeles facility, we are excited to bring our customer-first approach to the West Coast while continuing to strengthen the relationships that have made CODA® what it is today.

On behalf of everyone at CODA® Logistics & Distribution, thank you for being part of our journey. We are incredibly grateful for your partnership, and we look forward to writing this next chapter together.

Los Angeles... we're on our way.

Marie Costa
President
CODA® Logistics and Distribution
A Varied Repetition of the First
